"beta" version of a new variant-centric XML file

We have developed a new variant-centric XML file that aggregates all submitted disease/phenotype information by variant (or set of variants). The new product, called **ClinVarVariationRelease**, is currently in **beta release**; however, further development is on hold. If your work depends on moving this new file into production, please let us know by emailing clinvar@ncbi.nlm.nih.gov.

The beta release is updated bi-weekly; the release notes describe updates to the XSD and known issues.
