

# GOC April 2005, Caltech Consortium Meeting

*2004 Gene Ontology Annotation Camp, Cambridge University*

# GOC

<http://www.geneontology.org/GO.contacts.shtml?all>

- Gene Ontology Consortium Members, requirements:
  - actively providing gene association files
  - participate in GOC meetings
  - active in ontology development and annotation consistency development
  - responsible for a species
- Gene Ontology Associate Members
  - being defined

# Gene Associations & gp2protein

- <http://www.geneontology.org/GO.downloads.shtml?all#cv>
- <http://www.geneontology.org/GO.current.annotations.shtml>
- <http://www.geneontology.org/GO.annotation.shtml#file>
- <http://genetics.stanford.edu/~cherry/filter-gene-association.html>

# godatabase.org

- <http://www.godatabase.org/dev/database/>
- Monthly -- everything, (ontologies, sequences, associations)
- Weekly -- backend to AmiGO, does not include IEAs at this time
- Daily -- just ontologies
